

develoPPP.de - Public-Private Partnership (PPP) Development cooperation with industry and trade	
develoPPP.de at a glance	
What is PPP?	<p>develoPPP.de is a programme for companies initiated by the Federal Ministry for Economic Cooperation and Development (BMZ), which is, amongst others, run by DEG. With develoPPP.de, DEG provides co-financings for private-sector projects of companies in developing and emerging-market countries (partner countries), which are of benefit from both the economic and the developmental point of view.</p> <p>Public and private partners join their individual strengths under the PPP Programme develoPPP.de and thereby jointly contribute to the promotion of the development in the partner countries and to the sustainable improvement of the people's living conditions.</p>
Who can propose PPP projects?	<p>Companies from Germany and other European countries (including their subsidiaries in developing and emerging-market countries)</p> <p>The company is responsible for the realisation of the project in terms of finance, manpower and content. The financial circumstances of the company have to ensure the financiability of the project and safeguard its sustainability.</p> <p>This is why the company has to:</p> <ul style="list-style-type: none"> • demonstrate a successful market presence of at least three years, • have at least ten employees, • have an annual turnover of at least 1 million euros and • plan a long-term commitment in the partner country.
What conditions do PPP projects have to fulfil?	<p>PPP projects follow the general developmental specifications of the Federal Government.</p> <p>PPP projects</p> <ul style="list-style-type: none"> • have to be useful under both developmental and economic aspects and have to make a positive contribution to the development of the partner country, • have to promote the structural development and show a broad effect, • must not be legally required, • cannot be realised without public contribution and • must not yet have been started.

In what countries can PPP projects be realised?	<p>The partner countries encompass developing and emerging-market countries according to the current country list of the BMZ.</p> <p>In certain cases, exceptions are possible upon request.</p>
How high is the PPP contribution?	<p>Under the PPP Programme, DEG bears up to 50% of the project costs, however, no more than EUR 200.000.</p> <p>A PPP project has a maturity of maximally three years (from contract signing).</p>
What may be co-financed?	<p>Exclusively projects to prepare for or accompany long-term private-sector commitments (except studies), for example</p> <ul style="list-style-type: none"> • Demonstration / pilot plants • Improvement of labour and social standards • Measures to boost environmental and climate protection • Technology transfer • Supply Chain Management.
What has DEG to offer?	<p>Besides the co-financing, DEG supports and accompanies the company throughout the PPP project, i.e. from conception to conclusion, with competent advice.</p>
How does PPP work?	<p>Within the scope of an ideas competition, companies can submit project proposals within certain deadlines.</p> <p>The submitted project proposals are assessed, selected and reviewed in a standardised procedure.</p> <p>For further details on focus subjects of the PPP ideas competition of DEG, please see the following pages.</p>
