The ideas competition develoPPP Classic Q4/2022

develoPPP Classic is aimed at companies that are already established and are looking to expand their operations in a developing country or emerging economy, thereby improving the lives of local people in line with the United Nations Sustainable Development Goals.

Suitable projects receive specialist or financial support from the German Federal Ministry for Economic Cooperation and Development (BMZ) of between EUR 100,000 and EUR 2 million, provided your company meets at least half the costs itself. A regular ideas competition is held to decide which projects receive support. The current competition is focused on training and employment for socio-ecological transformation.

You can find further details, examples of current projects and the full participation requirements at www.develoPPP.de/en/classic

Apply before
December 31!
